SCHOOL CLOSING FRIDAY & SATURDAY

Alexandria High To Hold Exercises Monday Night

REP. MOORE TO SPEAK

Seventh Grades of Lee and Washington Schools to Have Graduating Friday Afternoon

The public schools of this city will close Friday and Saturday. On the first named day the certificates of distinction will be awarded the pupils in the white schools and on Saturday the pupils in the colored schools will receive their certificates

The Alexandria High School will hold its commencement exercises next Monday night at 8 o'clock in the auditorium of that school.

At the high school commencement Representative R. Walton Moore will address the graduates.

The awarding of certificates of promotion in the high school will, however, take place at 12.30 o'clock Friday afternoon.

Graduating exercises will be held by the seventh grades of Washington school for boys and Lee school for girls at 4 o'clock Friday afternoon in the auditorium of the High School and the graduates will be addressed by Judge Robinson Moncure of the Corporation Court.

The doors will be open at 3:30 for the admission of parents of the graduates and seats will be reserved for them until 3:50 when the general public will be admitted.

No flowers.

The present schedule provides for the awarding of the certificates in the various schools as follows: West End, 9.20 a. m., Friday; Washington school for boys, 9.30 a. m.; Lee school for girls, 11 a. m., and the program for the others will be as stated above.

On Saturday the colored schools will close and Hallowell school for girls will hold its exercises at 10.30 o'clock in the auditorium of the new building for school children, which has about been completed and the exercises at Snowden school for boys will take place at 9 o'clock.

ARRESTED FOR MURDER

Kentuckian Believed to Have Been Killed by Wife and Relatives

Louisville, Ky., June 16.—Although James Adcock said just before his death on June 2 from a bullet wound that he had shot himself, the police have arrested his widow, Mrs. Rosa Adcock, a 19 year old girl; Mrs. Grace Jeffries, her sister, and Newton Sloan, her father; the widow for murder and the others as accessories.

A coroner's jury, on the strength of Adcock's deathbed statement that he had committed suicide, rendered a verdict to that effect, The shooting occurred on May 31.

The police in arresting the trio acted after a careful investigation, which, they said, included testimony by neighbors that Mrs. Adcock shot her husband during a quarrel. It also was said, the police declared, that Sloan struck Adcock with his fist and then threw stones at him when he ran from the Adcock home after being shot.

Neighbors said, according to the police, that they overheard Adcock plead while running through the street to not let her "shoot me again." Mrs. Adcock is said to have followed her husband into the street, where Sloan took a revolver from her.

DOUBLE TRAGEDY

Youth Fatally Shoots His Wife and Then Sends Bullet Into his Own Brain

New Orleans, June 16.—William Sullivan, Jr., on Tuesday fatally shot his girl wife, Ethel Aline Richter, 18 years old, through the lung and then sent a bullet into his own brain, from which he died later, as a sequel to the unhappy ending of what the people hereabouts call their "Fanny Hurst experiment."

Two weeks ago the divorce courts of New Orleans brought to light that Sullivan and the Richter girl had been married in Violet, La., and had agreed to keep their union a secret until the girl should have finished her high school career. In a fit of jealousy Sullivan boasted of his marriage. The father of the girl objected vigorously to the match and soon afterward followed the suit for divorce.

Tuesday morning at 9 o'clock the girl's mother, Mrs. Kerth Sawers, saw Sullivan behind a tree in the back yard of her home. His face betrayed the passion that was ruling him. Frightened for the safety of her daughter, she ordered him to leave the premises.

With an angry shout he dashed past her and into the kitchen where he found his wife standing before the table and washing dishes. A shot rang out and the mother, following him, found her daughter lying on the floor bleeding profusely from a ragged wound from the bullet, which had entered the left shoulder.

Sullivan rushed from the house and when just in front of the tree where he had been seen first by the mother turned back and reentered the house, where he came upon his wife lying in a pool of blood. Quickly he raised the pistol to his head and sent the bullet crashing through his brain.

Sullivan hovered between life and death at the Charity Hospital here for two hours. Without regaining consciousness he died at 11:15 o'clock.

When told that the man responsible for the tragedy had died, Mrs. Sawyers said:

"It's God's will. Perhaps it is all for the best."

SLAYS WIFE WITH CLEAVER

Cries of Children Reveal Double Crime in New Jersey Home

Gloucester, N. J., June 16.—After killing his wife, Jennie E. Capewell, with a meat cleaver, Ernest Capewell, 46 years old, proprietor of a small grocery store at 217 Mercer street, Gloucester, adjusted a rope around his neck from the banister over the third story stairs and then shot himself through the right temple with a 38-caliber revolver. Weakness and faily troubles are assigned as the cause of the suicide and murder, according to a note he wrote after he had murdered his wife and before he ended his own life. The crime was not discovered until ten hours later, when neighbors summoned Policeman Fred Blackburn because they heard three small children crying in the house and the store had not been opened for the day.

The note left by the dead man was unaddressed. His brother, Clarence L. Capewell, conducts a store at Burlington and Hudson streets. The brother said he knew of no reason for his brother's rash acts. He was at his home Monday night, he said, but did not mention business troubles. He told him he intended moving to Wildwood in a day or two. Howett said that Capewell worried over business matters, principally because he could not raise money to complete two houses he was building on Division street in partnership with Frank Fitzpatrick.

The Capewells were married four years ago. Since the marriage they resided at the address where the double crime was committed. They had three children.

THE ELWELL MURDER

Belief Expressed That Wealthy Whist Expert Incurred German Enmity During War

New York, June 16.—Investigation in New York city having failed to reveal a definite clue to the person who shot and killed Joseph B. Elwell, Friday, police yesterday turned their probe to five other cities throughout the country in which Elwell spent brief periods during the past half-year.

The cities are Palm Beach, Fla., Louisville, Lexington and Latonia, Ky. and Long Beach, N. Y. The police believed they would be able to obtain evidence in those cities which would aid in solving the mystery which has surrounded the death of the whist authority. Elwell went to Palm Beach for the winter. He was a well-known figure in Kentucky racing circles and also in society at Long Beach and other towns in Long Island.

Elwell's activities as a member of the American Protective Association during the war, in which he was responsible for causing internment of a number of German sympathizers, caused some belief that an enemy made in this manner may have killed him

APPEAL AGAIN DELAYED

Illness of Judge Baker Causes Postponement This Time

Chicago, June 16.—Arguments on the appeal of William D. Haywood and 93 other Industrial Workers of the World, convicted of violating the Espionage act, were postponed indefinitely again when called in the Federal Court of Appeals yesterday. The postponement was made necessary by the illness of the presiding judge Francis E. Baker.

The case has been continued several times since Haywood and a majority of the defendants were released from Leavenworth Penitentiary on bond last year.

SEIZE MUCH WHISKY

Prohibition Agents Making Liquor Hauls in Franklin County

Richmond, June 16.—Prohibition officers from the department in this city are at their work of taking in bootleggers and moonshiners and others who are violating the law. Reports of the presence of much liquor at the Roanoke convention reached the ears of the department and the officers were sent out to find out a few things. The report, so far meager, has reacher the department of the taking of three machines—all loaded with liquor—coming from Franklin county into Roanoke.

One party was nabbed in the city of Roanoke and was placed in the jail there. A second machine was caught in Roanoke county and the man and the machine and the liquor went to the county jail at Salem ,and a third arrest was made and the culprit and the machine were turned over to the federal authorities. The complete report of these arrests is not yet in hand, but Dr. Peters hopes to have full information in the late mails.

In one of the nearby counties the officers arrested a distiller and caught him redhanded ,the facts being laid before a grand jury. The officers say they had a perfect case, yet the grand jury failed even to indict the man or to pay any heed to the work of the officers. That was the information obtained today at prohibition headquarters.

AUTOMOBILE BUREAU TO BE ESTABLISHED

Action Decided Upon By Directors Yesterday Afternoon

SOON TO ORGANIZE

Chamber Also to Advertise City by System of Signs to be Placed on Roads Leading Here.

An automobile bureau will be established by the chamber of commerce This was decided upon by the directors of that organization at a meeting held yesterday afternoon.

It is proposed to have this bureau function i nall matters pertaining to good roads, tourists and good of the city and within a short time a meeting will be called of all members of the chamber having automobiles for the purpose of effecting an organization.

The automobile bureau will be identified with the A. A. A. and have headquarters or clubrooms it is expected in the chamber of commerce. However at the present time no definite plans have been formulated until an organization is effected.

Another matter of importance disposed of was a campaign of advertising. It is proposed to place signs advertising the city on the various roads south of Alexandria and this work will soon be started.

It is announced that the next meeting of the board of directors will not be held until September 13.

It is expected that in the future the Torpedo plant will be combined with the Washington Navy Yard in all of its activities.

Drop Census Matter

Chamber of Commerce Not to Ask For Recount

The chamber of commerce will not ask for a recount of the recent census which showed Alexandria has a population of 18,160. This was determined upon by that organization after a renumeration of part of the city. This proved that on January 1 in a certain area there were 644 persons residing therein and the re-numeration showed only 579 or a difference loss of sixty-five.

It is explained that the difference is probably caused by persons moving from one neighborhood to another, while some have left the city for other places.

While the citizens generally feel that the total population of the city is more than 18,160 it was deemed inexpedient to ask for a recount. The chamber of commerce went to considerable expense in having the recount made.

BOYS KILLED BY TRAIN

Were on Way to Swimming Pool at North Scranton, Pa.

Scranton, Pa., June 16.—Two boys, Joseph Bernotski and a companion, were killed yesterday afternoon when struck by a Delaware and Hudson passenger train while on their way to a favorite swimming pool in North Scranton. The boys jumped off a coal train and directly in the path of the passenger train. They were aged nine and ten.

Goose liver has been considered a dainty since early times.

WOOD PASSES LIE

"Stock Gamblers Backed Campaign" Malicious Accusation, He Says

Chicago, June 16.—Republican party dissension broke out in a new quarter last night when Major Gen. Leonard Wood "passed the lie" to another of the defeated Presidential candidates, Nicholas Murray Butler, in answer to the Butler "explanation' of Wood's failure to win the nomination.

Dr. Butler in a statement issued upon his return from New York said that the efforts of Wood's backers, a "group of stock gamblers, oil and mining promoters and munition makers" to buy the nomination were the general's undoing.

"I have just read the statement claiming that a motley group of stock gamblers tried to buy the nomination for me and that the forces who were defeated in their insolent attempt to buy the nomination represent all that is worst in American business and political life," said Gen. Wood. "That statement is a vicious and malicious falsehood. I would ignore it were it directed to me alone, but I cannot remain silent when my loyal friends and supporters are villified."

KILLS MOTHER AND SON

North Carolina Woman Shot Dead; Son Fatally Wounded in Mountains of North Carolina

Asheville, N. C., June 16.—Mrs. Rachael Hensley and her son, Andrew, were shot to death Monday afternoon in their home, at Pensacola, Yancey County, by a man named Riddle, who afterward gave himself up to the authorities, the police state.

Mrs. Hensley was shot through the brain and died instantly. The son was brought fifty miles in an automobile to a local hospital, where he died today, following an operation.

The shooting is said to have been the result of an old family feud.

CITY ATTORNEY NOT TO ACT

Request for Ordinance Must Come From Members of Council or Board or Some Other City Official

Richmond, June 16.—A resolution, protesting against Sunday baseball and tennis drawn up by the Richmond Ministerial Union in its meeting Monday, and presented to the City Attorney yesterday, with the request that he draw an ordinance prohibiting Sunday baseball and tennis, is not presented in such form as to enable the City Attorney to act on it, it was learned last night.

The City Attorney, it is argued, is employed by the city and not by any person or organization, and the petition will have to come from some member of the Common Council, Board of Aldermen, or some other city official before an ordinance can be drawn up.

Action was taken by the Ministerial Union after a game of baseball was scheduled for last Sunday by the Young Men's Hebrew Association with a similar organization from Baltimore.

Protest also was registered by the ministers with reference to the Old Dominion tennis tournament finals being played off on Sunday morning June 6. The tournament was played off on that date on account of rain the preceding day, and a number of the players had to catch trains Sunday afternoon.

Marshall Announces Readiness to Retire From Politics and Enjoy Life

San Francisco, Cal., June 16.—Thomas Riley Marshall, Vice-President of the United States, arrived in San Francisco yesterday to attend the Democratic convention in his capacity as a delegate from his State of Indiana.

Leaning heavily on his stick and declaring himself "an old man who had torn his hair for Bryan, slaved for Parker and worked his hardest for Wilson," the Vice President made the emphatic statement that he would not accept the nomination for the presidency even if it were offered him "on a silver platter."

He said that he was more than ready to retire from politics with no man's dollar in his pocket; to enjoy the comforts that life held out to him after many a hard day's battle.

ORDERED TO QUIT MEXICO

U. S. Agents Line Border to Jail Jack Johnson if he Appears

San Diego, Cal., June 16.—Department of Justice agents are waiting at the international boundary line at Tia Juana in the expectation that Jack Johnson, former champion heavy weight pugilist, will cross the border before night. Johnson, it is reported, has been given 24 hours by Mexican officials in which to leave Mexico, and will have to cross into the United States.

The action of the Mexican officials has been expected by United States officials, who said it has been known that Governor Estaban Cantu has been opposed to Johnson's remaining in Lower California.

WORK OF FIREBUGS

The discovery of fire in an unoccupied residence on the northeast corner of Wilkes and Fairfax streets about three o'clock yesterday morning did not startle persons living contiguous, as a conflagration at that place had long been anticipated. The house has been unoccupied during the past few years. In the meantime what at one time was a comfortable home, kept in repair by the former occupant, has been gradually crumbling to pieces. Egress is easily effected, as doors have either been removed or left unfastened, and the rooms have long been used for the vilest purposes.

The building has lo these many years been an eyesore as well as a menace to the health of the neighborhood. The property is in a legal tangle, and it may take as much time to unravel it as was consumed in the case of Jarndyce vs. Jarndyce in Dicken's "Bleak House."

But these facts are not alluded to in extenuation of the crime committed by teh person or persons who applied the match. The property adjoins a new frame residence recently erected by a workingman during early morning and evening hours after finishing his daily labor. The efficient work of the members of the fire department confined the blaze and saved nearby property. The fact that fire was found to be burning fiercely in all the upper rooms of the house at the same time proves conclusively that the blazes were caused by pyromaniacs.

Nearly every unoccupied house in the extreme southeastern section of the city has been burned during the past few years.

THE SIX HOUR DAY

And now the American Federation of Labor demands a six hour day. Does that mean that the worker will produce as much or more in six hours than he has done in eight? If so, six hours' labor is preferable to eight. The reduction from ten to eight hours was found to stimulate production in some vocations, though not, we believe, in all. But when employers are asked to lop off two hours more, some sort of efficiency guarantee should go with the demand.

Just now the crying need of this country and the world is not shorter hours, but more output. If a man can do more or as much in six hours as in eight, all right. But the complaint ever since the armistice has been that labor has fallen off in efficiency and productive capacity. If it is not to throw greater energy and earnestness into the six hour day than it has seemed frequently of late to throw into the eight hour day, what will be the result?

The country is in a Missouri condition of mind on this subject. The six hour case will have to be proved. —(Baltimore Sun.

INDEPENDENCE DAY NEAR

The Fourth of July is drawing near, anniversary of the birth of the nation. The spirit of the occasion is already in the air, although nearly three weeks will have elapsed before the dawn of that day. The snap of toy pistols, firecrackers and other explosives are heard in all sections of the city, to the annoyance of the nervous and indisposed.

The police department will endeavor to execute standing orders to suppress the sale or use of explosives in Alexandria, the course which is being pursued in virtually all cities in the country, in order to minimize accidents which result from the use of fireworks and explosives.

The sale of sparklers will be prohibited in Philadelphia, one of the first cities which has labored to bring about a safe and sane observance of the Fourth of July.

Of the three deaths in that city last year as a result of Fourth of July accidents, two resulted directly from burns from clothing being ignited from so called harmless sparklers. As a result it has been deemed advisable to forbid absolutely the sale of and use of these dangerous so called sparklers. A copy of this order will be placed in the hands of every dealer in fireworks, with instructions that these particular fire works must not be sold. Several firework dealers recently told the Fire Marshal they had a patent holder for the sparklers treated with a non inflammable substance. The official refused to consider the proposition.

ANOTHER NEW OFFICIAL

During the past two decades many new officials have been brought to the fore in Virginia. Among the various officeholders in Richmond at present is an individual known as the "cheat hunter." While we have never favored multiplying offices in the Old Dominion, the "cheat hunter" appeals to us and to every householder. While this official is concentrating his attention upon ice dealers, seeing they give honest weight now that old sol is casting his fierce rays upon us, it might be suggested that the "cheat hunter" be given a more expanded field, and that all necessaries of life be subjected to his Argus eyes. Our health boards are supposed to watch the sale of food and see that it is in proper condition before being disposed of, the "cheat hunter" could see that all interested are honestly dealt with in weight and variety.

Joseph the "cheat hunter," as they dubbed him years ago at the Richmond city hall, is hot on the trail of the dishonest ice man.

A colored man was summoned to police court yesterday morning, charged with dispensing ice to customers from his wagon without weighing it. He was fined $10.

Under the ordinance adopted by the Richmond city council January 22, 1919 a dealer or driver who sells ice without weighing it is subject to a penalty of $10 fine. For giving short weight the fine is $15. For refusing to sell or deliver ice to any citizen the ordinance imposes a fine of $25 for the first offense and $50 for each subsequent offense. If the dealer has ice in stock and is unable to show that it has been sold to a person or persons whom he can identify on demand, when he refuses to sell, he may be reported and fined.

COX AND EDWARDS PICKED

Wall Street Brokers Say They Will Win at San Francisco

New York, June 16.—Cox and Edwards have been selected by the Wall street sharps to run against Harding and Coolidge, provided William J. Bryan is eliminated in the early stages of the Democratic convention and a light wine and beer plank is dovetailed with a personal liberty plank in the platform.

One stock exchange broker yesterday offered to wager even money that this ticket, on a platform as mentioned, would win against the Republican nominee.

With the Democratic choice unknown the Harding ticket at present is only a 2 to 1 favorite. James W. Ball & Co. announced today that for the account of a prominent business man they were willing to wager $1,000 to $2,000 that Harding would not win in the November election.

THREE NEGROES LYNCHED

Victims Had Been Held in Connection With Attack on White Girl

Duluth, Minn., June 16.—Three negroes were lynched here last night by a mob estimated at 5,000 persons, which overpowered the police, took possession of police headquarters and seized the negroes, who were held in connection with an attack on a white girl.

A mock trial was held by the mob in the police station, and three negroes were found guilty and three others,also held in connection with the assault, were acquitted and turned back to the police.

Not a shot was fired in the attack on the police station, the members of the mob using bricks and other missiles, and, in the final stages of the fight, streams of water from firehose taken from the police themselves.

Shortly after midnight the mob still surrounded the police station, but there was no indication of further trouble. The police believe the mob would disperse in a few hours without other disorder.

REFUSES AID TO SOVIET

Labor Rejects Resolution for Strike To Release Debs From Prison

Montreal, June 16.—As long as the Soviet demands recognition as a condition to resumption of trade relations, the United States will refuse to permit licensed trading with the Bolsheviki on the ground that the Soviet regime does not represent the will of the majority of the people of Russia.

This was the gist of a telegram addressed to Samuel Gompers, and signed by Bainbridge Colby, Secretary of State.

The American Federation of Labor in convention here yesterday voted overwhelmingly against resolutions introduced by radicals demanding recognition of the Russian Soviet government, raising all blockades and protecting the red armies against attack by European powers. The resolutions were vigorously supported in addresses by a number of delegates but they were rejected by a vote of 600 to 39.

Another resolution demanding that the release of Eugene V. Debs be compelled through the calling of a general strike, also was defeated. The convention, however, voted to request that all persons convicted of violating "war laws" be granted amnesty.

Repeal of the labor section of the Esch-Cummins transportation act was unanimously demanded in a resolution adopted by the convention.

WHISKY SEIZED

Twelve Tons, Supposed to be "Fertilizer" Intercepted by Inspectors

Fredericton, N. B., June 16.—The largest seizure of liquor ever made in New Brunswick was reported yesterday morning, consisting of 12 tons of whisky and other "wet goods." The seizure was made at Baker Brook, Madawska county.

The chief inspector said the liquor was shipped out of Montreal as "fertilizer," and there was every reason to believe that its destination was New England. It was said to be following closely the most popular route to New England for contraband shipments.

MAKES SECOND ESCAPE

Negro Awaiting Execution for Assault Eludes Men Pursuing

Easton, Md., June 16.—Isaiah Fountain, twice convicted and sentenced to death for the assault one year ago on a 14 year old white girl of this vicinity, escaped from the Easton jail last night. It was his second escape.

Fountain dashed through his cell door when a keeper opened it to give him a drink of water. An automobile manned with negroes awaited him outside the jail.

Fountain's freedom is expected to be short lived. Every road to possible escape was "covered" with the aid of telephone and telegraph communication in quick order following the escape. All night vigil was maintained along the Eastern shore with every town organizing a lynching party.

Fountain had only ten minutes start.

GIVES WARNING

Springfield, Ohio, June 16.—Judge Frank W. Geiger, of common pleas court, today issued a warning that women who apply for divorces in his court must be careful of their dress. The judge told attorneys that "I don't care if it is as hot as——, these women have got to wear more clothes when they come into court. This thing of peekaboo waists and see-more skirts has got to stop."

A SPLENDID TONIC

Says Hixon Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn., —"About 10 years ago I was," says Mrs. J. B. Gadd, of this place, "I sufferd with a pain in my left side, could not sleep at night with this pain, always in the left side. My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still. I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. I have no return of this trouble.

I feel it was Cardui that cured me, and I recommended it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

2,000 TAUGHT TO SWIM

Portland, Oregon, June 16.—Two thousand persons received swimming instruction from the Life Saving Corps of the Portland Red Cross Chapter during the recent "Learn to Swim" week. Theaters, newspapers and stores aided largely in advertising the campaign and the success of the event is attributed largely to the interest the entire community took in it.

ATTEMPTS TO ASSASSINATE

Honolulu, T. H., June 15.—An unsuccessful attempt was made Sunday night to assassinate Premier Hara, of Japan, according to Toyko cable advices received by Nippu Jiji.

The assailant, who is reported to be a Japanese fanatic was arrested, the dispatch adds.

Out with Old Ma Nature

"Just think of it, Bill. One more perfect day, and then—back to the sad, old grind—to restaurant food, city air, and that listless, 'how-I-hate-to-get-up-in-the-morning' feeling. Out here in the woods I really live. The old blood fairly zips through my veins. I eat like a horse and sleep like a rock."

"Of course! In the wilderness you are living as Ma Nature intended you should live. You eat the right sort of food, really work your muscles, and get a proper amount of sleep. Before you came out to the wilds you were poisoned."

"Poisoned! What do you mean?"

"Self-poisoned—food waste stagnating in your colon. It's a trouble that afflicts most sedentary people. You see, mental workers like us don't develop any abdominal muscles to speak of. That's bad. Then we don't eat the sort of food Nature intended we should eat—and that's bad. So sluggish bowels soon begin to plague us and constipation is the result."

"How about laxatives?"

"You know what happens when you take those drugs. You get a partial movement, or one so violent that your system is exhausted for a day or two after the first spasm. A next dose has to be stronger, because the bowels are weakened. In time you are a confirmed victim of the laxative habit and constipation is chronic."

"Well, what is the answer, then, for us slaves of the desk?"

"Nujol. It will put you right as a trivet, as it has done me. Nujol works on an entirely new principle. Instead of forcing the system, it simply softens the food waste. This helps the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system."

"That sounds like common sense."

"None better. Nujol prevents constipation because it helps Nature maintain easy, thorough bowel evacuation at regular intervals, which someone has called 'the healthiest habit in the world'. It's absolutely harmless and pleasant to take."

"Say, that must be great stuff. Write the name down on a piece of paper, and I'll buy a bottle or two when we get back. I want to keep the regular habits I've picked up out here."

Nujol is sold by all druggists in sealed bottles only, bearing the Nujol trade mark. Write the Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".

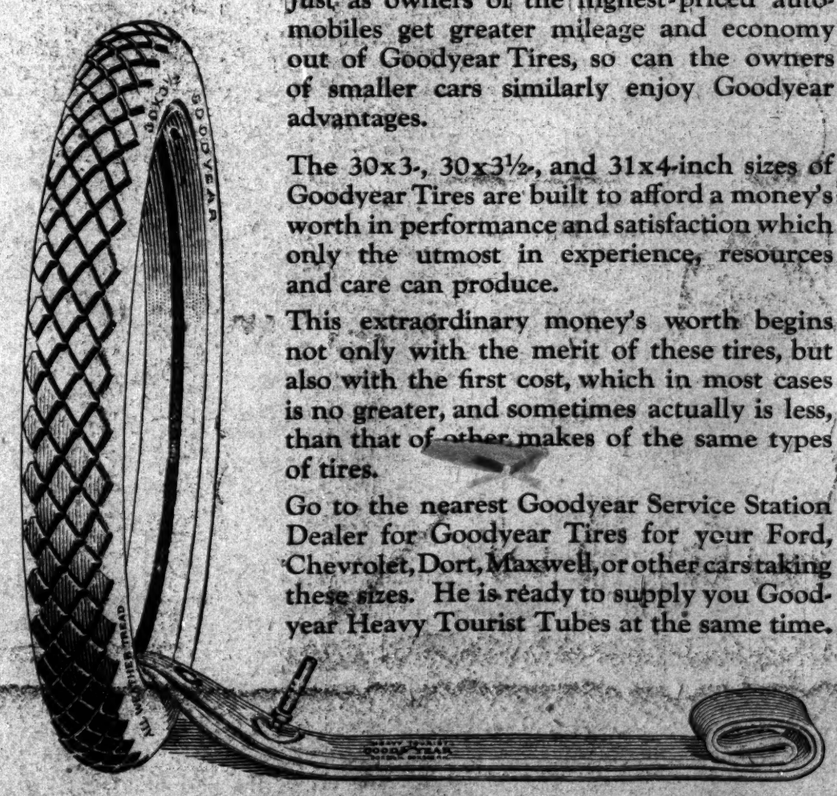
Get Goodyear Tire Economy for That Smaller Car



Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages.

The 30x3-, 30x3½-, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce.

This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires.

Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in waterproof bag* $3.90

Catarrh is a Real Enemy
and Requires Vigorous Treatment

Do Not Neglect It.

When you use sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Get a bottle of S. S. S., and begin a treatment that has been praised by sufferers for half a century.

S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. Special medical advice regarding your own case free. Address Medical Director, 106 Swift Laboratory, Atlanta, Ga.

What a lot of argument there used to be about a woman driving an automobile

TODAY she can "make a train" or fix a tire as well as anybody.

As soon as a luxury becomes a necessity the point of view changes.

II

Two or three years ago you would have listened to more varying opinions about tires than you could shake a stick at. Mileages, construction, treads and whatnot.

It's different now. Tire users are working towards a unanimous feeling.

You express it one way—the man down the street another. But sifted down it amounts to this:

That the only way to settle your tire problem is to get a tire of *known* value and stick to it.

III

We recommend and sell U. S. Tires because their value is *known*.

There's no guess about it.

It was the U. S. *quality policy* which led to the perfection of the straight-side automobile tire, the pneumatic truck tire—two of the *greatest additions* to tire value that have ever been made.

As representatives of the oldest and largest rubber concern in the world, we are in a position to tell you something about tire values. Come in some day and talk to us.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

NEED FUNDS FOR PLAGUE

Washington, June 16.—Herbert P. Lewis, presient of the American Chamber of Commerce in Mexico, and treasurer of a newly formed international committee of foreign chambers of commerce in Mexico, has cabled the American Red Cross for aid in fighting the bubonic plague which has broken out in Vera Cruz. The international committee was formed for the express purpose of supplementing the work of the Mexxican Board of Health in the crisis.

The Mexican Board of Health and the committee are without finances and are unable to take the immediate steps toward suppression of the scourge that are necessary if American and foreign lives are to be spared as well as those of the Mexican citizens. In its cable to the American Red Cross, the International Committee asks funds and the services of the Red Cross as well.

The Insular and Foreign Division of the American Red Cross, which is handling the work has asked definite advices regarding the needs of the stricken community. Definite suggestions, forwarded to the Red Cross through the American Legation, will find the Red Cross willing to extend its full cooperation, in meeting emergency needs the American Chamber of Commerce has been advised.

VICTIM'S HANDS CHAINED

Clairvoyant and Husband in West Virginia Jail for Alleged Murder

Wellsburg, W. Va., June 14.—The body of a man taken from the river below here on May 27 and later buried was disinterred Saturday and identified as that of Stephen W. Galchek, 31, floral wire frame manufacturer of Pittsburg.

Mrs. Michael Ondrick, a clairvoyant and her husband, are held on charges of murder, while the police are looking for Hobard Grimm.

The body was handcuffed when pulled from the river, and there were fractures of the right cheek bone and the skull above the left eye.

Galchek was last heard of when he visited the clairvoyant at Follansbee. Following the disappearance Mrs. Ondrick is alleged to have attempted to realize on checks aggregating $10,000 against Galchek's account in a Pittsburg bank.

She claimed the checks were given her by Galchek, whom she had known in Pittsburg.

It is said by the officers that Ondrick previously admitted that he, his wife, Mary, and Galchek had quarreled on the night of February 2 at the Ondrick home.

The officers hold to the theory that Galchek was handcuffed, placed in an automobile at Follansbee and taken to a bridge and thrown into the river.

Developments along this line are expected by the police within a few hours.

When the Ondrick woman was arrested for forgery, she gave bond and later jumped it, the police say. She was rearrested at Loraine, Ohio.

U. S. MARINES CUT OUT HIGH COST OF EDUCATION

Washington, June 14.—A vocational training system instituted this month will develop the United States Marine Corps from its present strength of about 17,000 men up to the 27,400 just authorized by Congress and cause a waiting list to be maintained, recruiting officials here announced today.

This system, something new in America's military establishment, enables a youth to equip himself in trades or business for civilian life while serving Uncle Sam, broadening his mind by travel, building a sturdy physique and getting the wisdom of discipline. He gets paid for going to school.

REV. R. B. WASHINGTON

Ordained at Mount St. Mary's he Has Uncle and Two Cousins Episcopal Bishops

Emmitsburg, Md., June 16.—Among the young men ordained to the priesthood at Mount St. Mary's College, Sunday, was the Rev. Richard B. Washington, a great-grandnephew of Gen. George Washington and great-grandson of John Washington, brother of the first President. The young priest's grandfather, Col John A. Washington, was the last of the family to hold possession of Mount Vernon, where his father, George Washington, was born.

Father Washington is a nephew of the Rev. Beverly Tucker, of Virginia, and a first cousin of the Rev. Arthur Lloyd, of South America, and the Rev. H. St. George Tucker, of Japan. All three are bishops of the Episcopal Church.

After celebrating his first Solemn Mass at Westminster, Md., Father Washington will be assigned to duty in the diocese of Richmond, Va.

COOLIDGE WON FAME

Bay State Governor Became Known Over Entire Country as "Law And Order" Executive

Boston, June 14.—Calvin Coolidge, of Northampton, Mass., although in public life in his adopted State almost ever since his graduation from Amherst College in 1895, was little known outside of Massachusetts until the greater part of the police force of Boston went on strike in September, 1919. Coolidge was Governor of the State. He ordered out the State guard to patrol the streets of Boston, after a night of rioting, announced that law and order would be preserved and declared that the strikers were deserters and that their places would be filled by other men.

The strikers never regained their positions. Troops maintained order for several weeks and a new police force was recruited. The stand taken by the Governor carried his name to all parts of the country, and in his own State he was promptly nick named "Law and Order Coolidge."

JOHNSON AND THIRD PARTY

Petition From Portland, Oreg., Sent by Wire to Senator Here

Portland, Oreg., June 16.—More than 5,000 signatures were obtained to a petition circulated in Oregon yesterday asking United States Senator Hiram W. Johnson to repudiate the platform adopted by the Republican national convention in Chicago, and to announce himself as an independent candidate for the Preaidecy, according to a telegram sent today to Senator Johnson by W. P. Adams, Portland attorney.

Mr. Adams said that he did not represent any Johnson organization that had heretofore existed, but that his telegram was sent in behalf of many supporters of Senator Johnson in the recent Oregon primary election.

"We heard that similar petitions were being circulated in New York," Mr. Adams said, "so we started them here in Portland today. So far the petitions have been circulated only in Portland, but we plan to send them throughout the State."

Adams said that he and the group with which he is connected will continue to circulate the petitions until Senator Johnson declares positively that he will not be a candidate for the Presidency on an independent ticket.

Conserve Your Energy With Electricity

Electricity is fast coming into prominence the country over as the greatest and most economical of all labor-savers. It conserves health, strength and energy and on hot summer days, does away with the usual unbearable heat of the kitchen. Your work is done in half the time necessary with the old time utensils and is done better than was possible a few years ago. Let us demonstrate to you.

Hot weather is fan time and although the hot days have been few so far this year, they are bound to come and probably hotter than usual. Place your order with us for a G. E., Robbins and Myers or Westinghouse fan today and be sure of delivery when fan time finally arrives. We carry the most complete stock of these three famous makes to be found in the city.

IRON ELECTRICALLY

Do your ironing quickly, easily and make the follow-up of wash-day a day of pleasure instead of dread.

BEAUTIFY YOUR HOME FOR SUMMER

Install in your living room a beautiful reading lamp-one of the most comfortable of household necessities.

A Safe Place In Which To Anchor

Alexandria Can Prosper Only so Far It Receives the Undivided Support of the Residents

Flourishing industries and up-to-date mercantile establishments are the life of any city. This city has reason to be proud of those that are located here. The growth of this city depends upon the support given its industries. If mechanics seek work in other cities, it is a handicap to those that are located here. If our residents send to distant points for merchandise, they are not assisting in the growth of Alexandria as they should.

IF OUR CITIZENS WILL BE TRUE TO THE INTEREST OF ALEXANDRIA, ITS GROWTH WILL BE SURE AND CERTAIN AND THEIR PROSPERITY AS WELL WILL BE ENHANCED

Your Dollars Belong In Alexandria---There Exists No Logical Reason Why You Should Send Them Away---Buy in Alexandria at All Times

Regardless of your duty in patronizing the merchants in this city, it is to your advantage from every standpoint to do so.

There is not a single sane reason why you should go beyond the borders of this city for goods of any nature.

Our stores are well stocked, the stocks carried are of the highest quality and in as extensive a variety as can be found in cities much larger than this. Our merchants recognize the need of quality stocks and this is the foremost aim.

Price can not make it desirable either. A comparison of the qualities sold in this city and the prices asked with the prices published by the out-of-town concerns and the quality of the merchandise handled by them will show that price advantage calls for purchasing in this city.

It is thoughtlessness and a lack of consideration to one's own interests that works a hardship locally when goods are purchased out of the city that should be bought here.

Your dollars do double duty when spent here. Not only will they purchase more here, but in remaining in this city they help to make our stores better. Patronize Alexandria merchants. Moke their volume of business as large as possible. This will encourage them to continue in their efforts to supply you with the best obtainable and at reasonable prices.

Be fair to the merchants in this city. Help them and they will help you. Your prosperity depends upon their success. Thus in helping them you are also aiding yourself.

CROPS FOR LATE PLANTING

Success in gardening depends largely upon keeping the soil busy throughout the season. After the first early crops are gathered there is still time to plant others. The extent to which this can be done depends largely upon the latitude, but even in the more northern States planting may be continued well into July.

One of the greatest dangers in late planting is that in a dry season there may not be moisture enough in the soil to give the crops a rapid growth. It is desirable in such cases to water the garden so thoroughly from a hose or pump that the supply of moisture will be replenished. This should be done before the seeds are sown to prevent washing them out and to get a thorough soaking.

The soil should also be spaded and raked or plowed and harrowed before replanting. This will put the particles in good condition for plant roots and help to prevent the evaporation of moisture. A light dressing of commercial fertilizer raked in will hasten growth.

Bush, string, or snap beans are among the best food producing garden crops. The early varieties will begin to yield pods for cooking 60 days after planting. Consequently, in any locality where the killing frosts hold off until even the middle of September, one can safely plant up to the middle of July. Bountiful and Stringless green-pod are good green podded varieties. Brittle wax and Kidney wax are good yellow-podded sorts.

Green peas are delicious in early fall. If seeds of early sorts are planted before midsummer there is a good chance of getting a crop this season. The best way to plant at this time is in trenches about 5 inches deep. Sow the seeds in the bottom about 1 inch a part and cover with 2 inches of soil. After the seedlings are a few inches high fill in the trenches gradually at each hoeing until the soil is level. This gives the roots a chance to develop in the deeper, cooler soil.

Good supplies of pot herbs or greens are greatly appreciated during the autumn months. Most plants used for this purpose are cool-season crops, so that if the seed is sown about the first of August the seedlings will be ready to grow rapidly late in that month and during September and October. Spinach is one of the best crops for this purpose. Victoria and round seeded savoy are good varieties. Be sure the soil is treated to an application of commercial fertilizer to induce a rapid growth

IS IT "JUST A COLD?"

Alexandria People Should Ask Themselves This Question.

Don't say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion.

Congestion makes the kidneys overwork to filter the blood.

Colds often leave the kidneys weak.

First break the cold;

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Alexandria resident tell you about them.

Mrs. Walker Campbell, 707 Pendleton St., says: "I caught a cold and it settled in my kidneys. I had such pains I could hardly catch my breath sometimes. When I bent over it was hard to straighten again, the pain was so bad. My kidneys acted very irregularly esepcially at night. I got Doan's Kidney Pills at Duncan's Drug Store and took them according to directions. I was entirely cured and, thought that was over two years ago, I have had no return of kidney trouble since."

Price 60c at all dealers. Don't simpy ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Campbell had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

SUFFRAGE BEATEN, 67 TO 44

Louisiana House on Record as Opposing Amendment

Baton Rouge, La., June 16.—The lower house of the Louisiana legislature, by a vote of 67 to 44, rejected a resolution calling for ratification of the Federal suffrage amendment.

Following the defeat of the Shattuck resolution providing for the ratification of the Federal suffrage amendment, the house by a vote of 61 to 39 adopted the Jordan resolution, which puts the house of representatives on record as opposed to Federal suffrage. Prior to the vote on suffrage the house declined to hear Representative Baker, of California, who wanted to speak in support of Federal suffrage.

TRAIN HITS AUTO

Robert D. Grier, of Salisbury, Md., Unable to Stop Car in Time

Crisfield, Md., June 16.—Robert David Grier, of Salisbury, was killed yesterday afternoon at Westover when his automobile was struck by a passenger train. The accident happened at the same crossing where Edward Moready, of Chicago, was killed last September. The crossing is particularly dangerous being at a turn of the road with the view of the railroad cut off.

According to the statement of Geo. Hallowell, engineer of the train, Mr. Grier was driving cautiously and when he saw the approaching train apparently endeavored to use his emergency brake, but before he could stop the front wheels were on the track. Hallowell threw on his brakes, but was unable t prevent hitting the car.

Mr. Grier had stopped at Westover and had driven only a few yards when the accident occurred. He was on his way home from Crisfield. He was about 60 years old and one of the prominent business men of Salisbury. He was past grand commander of the Knights Templar of Maryland.

FORCE REDUCED

Because of curtailed appropriations, the navy yard force is to be reduced between 200 and 300 men on July 1 according to an official statement issued by Capt. Charles B. McVay, jr., U. S. N., commandant at the Washington navy yard. The statement declares that the Washington yard has been able to hold all employes until June 30, whereas other yards cut forces several months ago.

Men to be dropped will be selected from the sections where least needed it is understood, in order to maintain maximum efficiency.

The official statement of Capt. McVay follows:

"On account of a curtailment of appropriations, all navy yards in the country have had to reduce forces. The Washington navy yard has been able to hold all employes until June 30, whereas other yards cut forces two or three months ago. We are about to make a small reduction of less than 300 men in order to keep expenses within the appropriation."

SOLE LOOSE?

That's nothing—we'll fix that in short order. We'll either sew it up good and tight or put on a new sole, just as you say. We make a specialty of repairing the soles and heels of children's shoes, because they are so hard on shoe leather. Low prices and high quality work.
